

FRANCOIS BRAIBANT

IT PROJECT MANAGER - FULL STACK Node Js

www.linkedin.com/in/françois-braibant-baaa0220a

PROFESSIONAL RESUME

Specialized professional in purchase and offers since 15 years, I'm adapting myself perfectly to the technical side and to the customer service. I breath information technology, and my spare time is used to constantly enhance my programming skills. If granted the opportunity to work with your company, I will bring that same drive and motivation over to your team.
